Important notes:

Assessment for the Phoenix Scholarship:

We will check your course, details, postcode etc. when we receive your application.

For those students who submit an application form we will check your course and status when we receive this. We will check your qualifications once the A level/BTEC results are supplied to the University in August 2019. However, we reserve the right to contact students if for any reason results need to be confirmed by other means. **Copies of any alternative qualifications offered will need to be provided once your results are available.**

Award process:

Assessments can only be finalised once we have confirmation of qualification results. We aim to confirm awards between **September and October 2019**.

Awards will be paid by BACS in one instalment at the end of **February 2020**.

Annual Renewal of the Phoenix Scholarship:

Students have to meet strict renewal conditions in order to continue receiving a Scholarship after Stage 1. Renewability is automatic.

These conditions will be fully explained in the ‘Offer letter’ but are subject to obtaining an average mark of at least 60% across all modules taken. You must also successfully progress onto the next Stage of your course. We will assess your marks during July/August 2020 and notify you of the outcome by end of September 2020. Any resits or deferrals will delay the decision.

Points to note:

If you cannot renew the scholarship this will be lost for future years of study.

If you progress onto a Training Placement Year, as you will not be charged the maximum fees, if eligible, your scholarship will not be paid for that year.

When you return to your studies after the placement year, we will base your scholarship renewal on your previous years academic results from year 2 and any placement year results awarded in your training year.

**There will be an appeals process for both the award and renewal stages but all decisions made by Coventry University will be final.**
